

BARRINGTON

Utility Service Rates

Your Village of Barrington utility bill includes charges for water, sewer, and recycling & refuse services. The Village operates these services as enterprise activities which means that our customers are charged an amount that is sufficient to support the operations of the service, including capital expenditures. The charges for service are set so that each service activity will break even on a perpetual basis. The following chart details the base charges and consumption rates as of July 1, 2017.

	Barrington Residents	Non-Barrington Residents				
Flow charge per 1,000 gallons						
Combined water & sewer service	\$10.15	\$15.23
