ARC 22-02: 601 S. Grove Avenue – Final Details

Ms. Tennant explained the request to use reclaimed and restored metal windows from a historic building in central Illinois.

Chairperson O'Donnell said he had no issue with the proposed windows. The rest of the Commission concurred.

Mr. Cornwell said they are also planning to switch the garage to stucco rather than vertical siding.

Commissioner DeLap said that he likes metal windows and stucco makes sense with metal windows.

Ms. Tennant said that they are also looking for feedback on a more craftsman style porch column and a gable over the front door to address the off-centered configuration of the front door and side column.

The Commission was in favor of the proposed changes to the front porch and front entrance subject to submission of sections of all elements.

Commissioner Connolly made a motion to approve final details ARC 22-02 for the metal windows on the new detached garage. Vice-Chairperson Coath seconded the motion.
