26. SCREENS

Screen panels for porches and screen doors for entrances are appropriate if the structural framework is kept to a minimum to retain the open appearance of the porch and the visibility of the historic door behind the screen door.

A. may be added to porches if the structural framework for the screen panels is minimal, and the open appearance of the porch is maintained, and the panels are situated behind porch columns, posts, and railings.

B. screen doors if new, should be consistent with the style of the house, be of wood or other material that mimics wood in design, dimension, profile and texture, and full-view or with structural members aligned with those of the original door. Refer to illustrations in Section 8 "Doors".

C. screen windows should be wood or baked-on or anodized aluminum and fit within the window frames, not overlap the frames. Other materials that mimic wood or aluminum in design, dimension, profile and texture may also be considered.
