WHEREAS, the Village of Barrington, Cook and Lake Counties, Illinois (the "Village") is authorized by Illinois statutes to sell and/or otherwise dispose of, by various means, personal property which has been determined by a majority of the Corporate Authorities of the Village to no longer be necessary or useful to the Village; and

WHEREAS, in the opinion of at least a majority of the Corporate Authorities of the Village of Barrington, it is no longer necessary, useful, or in the best interest of the Village of Barrington to retain ownership of the personal property herein described; and

WHEREAS, it has been determined by the Corporate Authorities of the Village of Barrington that it is in the best interests of the Village and its residents to sell and/or otherwise dispose of said personal property by auction or through alternative methods, all as specified herein:

NOW THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Barrington, Cook and Lake Counties, Illinois, in exercise of the authority of this Village as a Home Rule Unit, as follows:

SECTION 1: The Corporate Authorities of the Village hereby find that the recitals hereinabove set forth are true and correct and are incorporated into the text of this Ordinance as its findings of fact to the same extent as if such recitals had been set forth herein in their entirety.

SECTION 2: Pursuant to 65 ILCS 5/11-76-4, the Corporate Authorities of the Village of Barrington find that the items of personal property now owned by the Village of Barrington and described herein are no longer necessary or useful to the Village of Barrington, and the best interests of the Village of Barrington will be served by the sale and/or other disposal thereof.

SECTION 3: The Corporate Authorities of the Village previously authorized the Village's purchase of a new MAKO Model BAM06HE3 Breathing Air Module Compressor with an air cooled compressor and other related equipment from Air One Equipment, Inc., 360 Production Drive, South Elgin, IL 60177 ("Air One") to replace the Village's existing breathing air system. As part of the Village's transaction with Air One, Air One agreed to dismantle and take as a trade-in the Village's existing breathing air system upon Air One's installation of the new MAKO Breathing Air Module Compressor and related equipment at the Village's Public Safety Facility at 400 N.
