Ordinance No. 2025 - 4514

ORDINANCE AUTHORIZING AND APPROVING THE PURCHASE OF A NEW SERVER AND RELATED EQUIPMENT AND SOFTWARE FOR USE WITH THE EXISTING VIDEO SURVEILLANCE CAMERAS LOCATED AT BOTH THE BARRINGTON VILLAGE HALL AND THE VILLAGE'S PUBLIC WORKS FACILITY AS WELL AS A RELATED ADDENDUM TO CONTRACT BETWEEN THE VILLAGE OF BARRINGTON AND PROCOM ENTERPRISES, LTD.

WHEREAS, the Corporate Authorities of the Village of Barrington (the "Village") have determined that the Village's current video surveillance system is at the end of its useful life and there is an imminent risk of its failure due to degraded hard drives, aging hardware, and the use of Windows 10 Professional, which will reach its end of support in October, 2025, and that it is in the best interests of the Village and its residents to purchase an updated system, including but not limited to the related hardware and software; and

WHEREAS, the Village solicited proposals for the purchase of such hardware and software from both the Village's current system provider, CTSI of Downers Grove, IL ("CTSI"), and, at the recommendation of both Motorola and Barrington High School, also from Procom Enterprises, Ltd. of Elk Grove Village, IL; and

WHEREAS, while the proposal received from CTSI was for a total cost of $23,938.00, their proposal was based upon the utilization of Milestone software, did not include analytic software, offered limited software support, did not include migration of existing video footage which would be billed at an hourly rate, and only included three (3) years of technical support; and

WHEREAS, the proposal received from Procom Enterprises, Ltd., 951 Busse Road, Elk Grove Village, IL 60007 (hereinafter, "Procom"), dated October 28, 2024 included the delivery to the Village and installation by Procom of a new Avigilon video surveillance system which is compatible with the Village's existing cameras, as well as a full system upgrade and data migration, a stand-alone server capable of supporting not only the camera equipment located at the Village Hall and the Public Works Facility, but also could, in the future, also support the camera equipment located at the Barrington train depot and at Barrington's White House, a full video migration from the old system to the new platform, the related software and licensing including analytics capabilities, a 5-year premium warranty and service agreement, as well as training of the Village staff on the new system, all as specified on the subject Procom Proposal dated October 28, 2024, at a total cost in the aggregate of $45,513.67 (the "Procom Proposal"), a copy of which Procom Proposal and 5-Year Premium Security System Warranty and Service Agreement are attached hereto and thereby made a part hereof as Group Exhibit A; and

WHEREAS, the Village has budgeted $50,000.00 for the purchase of the subject equipment, software and services, and the Corporate Authorities of the Village have determined

that the Procom Proposal included better hardware, software, and services as well as a five (5) year warranty and service agreement, for a total cost of $45,513.67; and

WHEREAS, the Corporate Authorities of the Village have determined that it is in the best interests of the Village and its residents that the Village purchase the aforesaid hardware, software, and related services from Procom and enter into an agreement with Procom relative thereto:

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Barrington, Cook and Lake Counties, Illinois, pursuant to the authority of this Village as a Home Rule unit, as follows:

SECTION 1: The Corporate Authorities find that the facts set forth in the preamble to this Ordinance are true and correct and are hereby incorporated by reference as fully as if set forth herein.

SECTION 2: The Corporate Authorities of the Village do hereby approve the Procom Proposal dated October 28, 2024 and authorize the Village's purchase from and installation by Procom of a new Avigilon video surveillance system, including but not limited to a full system upgrade and data migration, a stand-alone server, a full video migration from the old system to the new platform, the related software and licensing including analytics capabilities, a 5-year warranty and service agreement, as well as training of the Village staff on the new system, all as specified on the subject Procom Proposal dated October 28, 2024, at a total cost in the aggregate of $45,513.67 (the "Procom Proposal"), as well as a related Addendum to Contract, a copy of which Procom Proposal, Addendum to Contract, and the related 5-Year Premium Security System Warranty and Service Agreement are attached hereto and thereby made a part hereof as Group Exhibit A.

SECTION 3: The Village President, or his or her designee, is hereby authorized on behalf of the Village to accept and execute, and the Village Clerk is hereby authorized to attest thereto, and to deliver to Procom Enterprises, Ltd., the executed Procom Proposal, 5-Year Premium Security System Warranty and Service Agreement, and the related Addendum to Contract, and any other documents necessary to implement the transaction with Procom contemplated herein by the Village and to do all things necessary and essential, including the execution and delivery of any other documents necessary or appropriate to implement the purchase and installation of the subject surveillance hardware and software as herein authorized, and pursuant to Section 1-6A-6 of the Barrington Village Code, the Corporate Authorities also hereby waive any and all requirements for competitive bidding or alternative proposals as may otherwise be required by law or by ordinance with respect to said purchase from Procom.

SECTION 5: This Ordinance shall be in full force and effect from and after its passage as provided by law.

PASSED THIS 28 DAY OF April, 2025, BY ROLL CALL VOTE AS FOLLOWS:

PROCOM does not guarantee prevention of all security breaches or unauthorized access. The Customer acknowledges system limitations, including potential missed detections and false positives. Hardware Warranty Duration: 1 year from the date of installation or 30 days after shipment, whichever occurs first. Coverage includes parts and labor for defects in materials and workmanship under normal use and maintenance. No returns will be accepted after 15 days from delivery. PROCOM's liability is limited to 25% of the system's purchase price and excludes indirect damages, security breaches, data loss, and third-party claims. No warranties of merchantability or fitness for purpose are made beyond those explicitly stated. The Customer indemnifies PROCOM against claims from system use, except those directly resulting from PROCOM's willful misconduct or breach of agreement. The Customer is solely responsible for compliance with data privacy regulations and cybersecurity best practices. PROCOM is not liable for data breaches resulting from the Customer's security failures, third-party vulnerabilities, or Customer personnel actions. In the event of a data breach, the Customer is responsible for all associated costs. Both parties agree to maintain confidentiality regarding the system's specifications, capabilities, and vulnerabilities. The customer authorizes repairs, acknowledges an express lien on the equipment, and agrees to pay all collection costs. Past due payments incur a 3% monthly interest rate. PROCOM shall not be liable for any failure or delay in performing its obligations under this agreement due to events beyond its reasonable control, including but not limited to acts of God, natural disasters, war, terrorism, riots, or labor disputes. Any disputes arising from this agreement shall be settled by binding arbitration. This agreement shall be governed by the laws of the State of Illinois, and any legal proceedings shall take place in Cook County, Illinois. The Customer must bring any claims within 6 months of the incident giving rise to such claims.
