Contract

JPMC Rock Salt, Bulk FY26

25-416CMS-BOSS4-P-85804

The Parties to this contract are the State of Illinois acting through the undersigned Agency (collectively the State) and the Vendor. This contract, consisting of the signature page and numbered sections listed below and any attachments referenced in this contract, constitute the entire contract between the Parties concerning the subject matter of the contract, and in signing the contract, the Vendor affirms that the Certifications and Financial Disclosures and Conflicts of Interest attached hereto are true and accurate as of the date of the Vendor's execution of the contract. This contract supersedes all prior proposals, contracts and understandings between the Parties concerning the subject matter of the contract. This contract can be signed in multiple counterparts upon agreement of the Parties.

1. SCOPE OF WORK

1.1. OVERVIEW AND PURPOSE:

To establish a joint purchase master contract (JPMC) for bulk rock salt to be purchased on an as-needed basis during the contract period.

This JPMC may be utilized by all governmental units as defined in Section 5 of this Contract.

Note: Participation in this contract is based upon the CY25-26 Illinois Department of Central Management Services Joint Participation Agreement Survey that defines the BidBuy line items and additional participation in the resultant contract is not allowed.

1.2. SUPPLIES AND/OR SERVICES REQUIRED:

1.2.1. The vendor will provide bulk rock salt based on quantity ordered within the timeframe listed herein.

1.2.2. Rock Salt Specification Requirements:

1.2.2.1. Rock Salt shall comply with the requirements of The American Association of State Highway and Transportation

Officials (AASHTO) SPECIFICATION M143, SODIUM CHLORIDE TYPE 1, GRADE 1.

1.2.2.2. Rock Salt shall be free flowing fresh stock. Reclaimed or re-crushed rock salt will not be accepted and shall be rejected by delivery site.

1.2.3. Quantity Commitments: All participants who complete the annual survey will have the option to choose between a minimum of 80% or 100% purchase commitment and will be allowed a maximum of 120% purchase commitment as defined below. All minimum purchase commitments will be defined in the line item description within BidBuy.

1.2.3.1. Minimum 80% Commitment: Some participants identified from the annual survey have chosen a minimum purchase commitment of 80%. That means that if the participant estimates a quantity of 100 ton, the participant is only obligated to order 80 ton. That is 80% of the estimated quantity. The participant shall have no further liability to the Vendor for further remaining quantities.

1.2.3.2. Minimum 100% Commitment: Some participants identified from the annual survey have chosen a minimum purchase commitment of 100%. That means that if the participant estimates a quantity of 100 ton, the participant is obligated to order 100 ton. That is 100% of the estimated quantity.

1.2.3.3. Maximum 120% Commitment: The Vendor shall agree to provide up to 120% of the bid quantity estimated tonnage at the same contract price. That means that all participants who estimate a quantity of 100 ton can order up to 120 ton at the same contract price.

1.2.3.4. Quantities Exceeding 120% Maximum: In some instances, a participant may require quantities that would exceed the maximum commitment of the Vendor; in such instances, any delivery shall be made upon the mutual agreement of all parties.

1.2.3.5. Purchase Percentages for IDOT: The Illinois Department of Transportation (IDOT) has provided estimated quantities for individual locations. Quantities purchased from each Vendor shall be computed on a District by District basis (not by location). For example, if a Vendor has 2 locations in a District with estimated quantities of 100 and 200 tons with a minimum 80% commitment. Then the 80% commitment

will be met once the 300(0.8) = 240 tons has been purchased between the two locations. This may include all 240 tons purchased from one location.

1.2.4. Weights and Measures Requirements and Adjustments:

1.2.4.1. Weights and Measures: All measurements for weight shall be from scales meeting the requirements of The Weights and Measures Act of the State of Illinois (225 ILCS 470). The Vendor shall provide accurate weights of materials delivered to governmental units. These weights shall be documented on delivery tickets which shall identify the source of the material, type of material, the date and time the material was loaded, the release number, the net weight, the tare weight, and the identification of the transporting vehicle.

1.2.4.2. The State reserves the right to conduct random, independent vehicle weight checks for salt deliveries. This will require that trucks occasionally be directed to a scale near the delivery point.

1.2.4.3. Should the vehicle weight check result in the net weight of material on the vehicle to exceed the net weight of material shown on the Vendor's delivery ticket by 600 pounds or more, the State will document the independent vehicle weight check and immediately furnish a copy of the results to the Vendor. No adjustment in pay quantity will be made.

1.2.4.4. Should the vehicle weight check result in the net weight of material shown on the delivery ticket to be less than the net weight of material on the vehicle by the tolerance of 600 pounds or more, the State will document the independent vehicle weight check (IWC1), immediately furnish a copy of the results to the Vendor, and immediately perform a second independent weight check (IWC2). The vehicle will be weighed on a second independent Department of Agriculture certified scale used for the initial independent weight check. If the second independent weight check (IWC2) is within the 600-pound tolerance, no pay adjustments will be made, and random independent weight checks will resume. If the second weight check confirms the net weight of the material shown on the Vendor's delivery ticket is less than the net weight of material on the vehicle by 600 pounds or more, the State will adjust the net weight shown on the delivery ticket to the checked delivered

net weight as determined by the initial independent vehicle weight check (IWC1).

1.2.4.5. Method of Measurement: The State will also adjust the method of measurement for subsequent truck loads using the same scale based on the out-of-tolerance independent weight checks (ICW1). The net weight of rock salt delivered to the State from this source, will be adjusted by applying a correction factor "A" as determined by the following formula:

$A = [1.0 - (B - C) / B]$; Where $A < 1.0$ and $B - C > 600$

Where: A = Adjustment factor

B = Net weight shown on the delivery ticket from Vendor

C = Net weight on the vehicle determined from independent weight check from IWC1

The adjustment factor will be applied as follows:

Adjusted Net Weight = A x Delivery Ticket Net Weight

The adjustment factor will be imposed until the cause of the deficient weight is identified and corrected by the Vendor to the satisfaction of the State. If the cause of the deficient weight is not identified and corrected within seven calendar days, the State reserves the right to immediately, and without notice to Vendor, take action to remedy Vendor failure. This action may include the termination of the order and purchase of salt from other sources, or other action to ensure ice control availability for public safety purposes. Note that any or all additional costs may be collected from the original Vendor, in addition to the applied weight adjustments.

Should the Vendor elect to challenge the results of the independent weight check, the State will continue to document the weight of material for which the adjustment factor would be applied. However, provided the Vendor furnishes the State with written documentation that the source scale has been calibrated within seven calendar days after the date of the independent weight check, adjustments in the weight of material paid for will not be applied unless the scale calibration demonstrates that the

source scale was not within the specified Department of Agriculture tolerance.

1.2.4.6. Deductions: The State reserves the right to assess, and apply if applicable, invoice deductions for the following:

Moisture Content: Deductions by percentage for moisture content based on total weight shall be determined by the following ranges:

Moisture Content (%)	Deduction in Price (Per Truckload)
0.00 TO 2.00	NO DEDUCTION
2.01 TO 2.50	10% DEDUCTION
2.51 TO 3.00	15% DEDUCTION
3.01 TO 3.50	20% DEDUCTION
3.51 TO 4.00	25% DEDUCTION
GREATER THAN 4.01	REJECTION OF LOAD

Sodium Chloride (NACL) Content: The State reserves the right to accept delivery of rock salt which, according to the analysis by The Illinois Department of Transportation, has a Sodium Chloride (NACL) content of less than 95.0 percent, but not less than 90.0 percent. When such reservation is applied, final payment will be made on the following basis:

1.2.4.6.1. When NACL content is between 94.0 and 94.9 percent, the price to be paid shall be the contract price less $5.00 per ton.

1.2.4.6.2. When NACL content is between 90.0 and 93.9 percent, the price paid shall be contract price less $10.00 per ton.

1.2.4.6.3. When the NACL content is less than 90.0 percent, the load will be rejected.

1.2.5. Ordering

1.2.5.1. Order Placement: Orders may be placed with the Vendor (Monday-Friday) via telephone, with a written electronic communication (e-mail) to follow. All State agency orders will contain a purchase order generated from BidBuy in addition to an electronic communication (e-mail). Vendors shall arrange for immediate shipment upon receipt of order from an authorized participating agency representative. All

other governmental units will use their own purchase order system.

1.2.5.2. Order Quantities: Orders shall be scheduled in amounts that make up full (22-25 tons) truckloads, orders for less than truckload will not be accepted.

1.2.5.3. Initial Orders: The Illinois Department of Transportation requires Vendors to ship initial fill-up orders prior to October 31st of the current year. If this date has passed prior to execution, we ask that the Vendor(s) start shipping as soon as contract has been executed. Please see the attached file within BidBuy titled "Initial Orders". Vendor(s) shall notify each destination entity when initial shipments are to begin.

1.2.5.4. Seasonal Orders: Non-State agencies reserve the right to purchase up to 50% of the estimated order requirements prior to November 30th of the current year. Vendor shall notify each delivery point of when shipment is to begin.

1.2.5.5. Order Timeline: For an order placed prior to 9:00 a.m. on a given day, that day would be considered as the first calendar day of the seven (7) day delivery period. For an order placed after 9:00 a.m. on a given day, the day following would be considered as the first calendar day of the seven (7) day delivery period, or as amended by order guidelines in Section 1.2.5.6.

1.2.5.6. Order Guidelines: An agency may order up to 20% of their 100% contracted tonnage in any given week and Vendor shall deliver within 7 working days after receipt of order. Quantities ordered above the 20 percent threshold shall have an extended delivery time of one-working-day for each one percentage-point above the 20% guideline. For example, if an agency orders 25% of their awarded total 100 tons, delivery of the first 20 tons (20%) shall be within 7 working days after receipt of order and the remaining 5 tons shall be delivered within 12 working days after receipt of the order.

1.2.5.7. Peak Season Orders: After hours and weekend delivery arrangements are encouraged during severe seasonal weather events to provide Vendor additional ability to maintain a prompt order delivery schedule. Orders placed during peak season should be in accordance with projected requirements and not in excess of the order guidelines,

thereby hindering a Vendor's ability to maintain a prompt order delivery schedule.

1.2.5.8. Post Season Orders: All orders for Rock Salt shall be placed by the end of July for the previous season's estimated usage. If the location does not have adequate capacity to hold the rock salt, the Vendor may elect to add a storage charge per ton/day. Storage for all post season orders shall not exceed a period of six (6) months.

1.2.5.9. Maximum Overage Tonnage Allowed for Quantity Commitments: The Vendor shall deliver within one full truck load of 22-25 tons for each governmental unit's total quantity commitments. All governmental units will be required to pay for any overage tons delivered over the quantity commitment and within the full truck load of 22-25 tons. If the Vendor should deliver more than the max. allowed, then the governmental unit will have the option to request that the Vendor pick up the tonnage amount of rock salt to meet the maximum overage tonnage at no cost to the governmental unit.

1.3. MILESTONES AND DELIVERABLES:

1.3.1. Stockpile and Order Status Reports: Vendor shall provide stockpile and order status reports upon request and as requested by the CMS Bureau of Strategic Sourcing for use in its contract administration effort. Failure to comply in a timely manner may be considered a breach of contract.

1.3.2. Delivery Invoices: Vendor invoices shall show the date orders were placed with the Vendor and the dates and tonnage amounts of salt delivered.

1.3.3. The Vendor warrants that all products furnished hereunder will be free from liens and encumbrances; defects in design, materials, and workmanship; and will conform in all respects to the terms of this Contract including any specifications or standards. In addition, Vendor warrants the products/equipment and related services are suitable for and will perform in accordance with the ordinary use for which they are intended.

1.3.4. The Vendor shall report to the Department of Central Management Services Bureau of Strategic Sourcing (BOSS) an annual Contract Usage Report which includes all governmental units and not-for-profit agencies. This report shall be in a tab-delimited text file or an Excel spreadsheet that references the BidBuy Purchase Order (PO) Number, time period being reported, and must include the following:

PO Line Number, Description, Quantity, Ordering Entity

A sample of the report's format is as follows:

Line Item #	Description	Quantity	Ordering Entity
1	XXXXXXXX	XXX	XXXXXX
2	XXXXXXXX	XXX	XXXXXX

1.4. VENDOR/STAFF SPECIFICATIONS:

1.4.1. Vendor Meetings:

1.4.1.1. The Vendor shall participate in a pre-season meeting with IDOT Central Bureau of Operations. This meeting will be scheduled after the execution of the contract(s).

1.4.1.2. The Vendor shall participate in weekly calls with IDOT Central Bureau of Operations throughout the winter season.

1.4.1.3. The Vendor shall participate in a post-season meeting with IDOT Central Bureau of Operations that will be scheduled between April to June.

1.4.2. Stockpile and Delivery Performance:

1.4.2.1. Delivery Performance: Freezing of waterways and the impact on delivery must be reasonably anticipated by the Vendor and is not a cause to claim Force Majeure.

1.4.2.2. STOCKPILE AVAILABILITY: Successful Vendors shall have stockpiles of Rock Salt in Illinois or near its boundaries in quantities that are sufficient to satisfy the State of Illinois contractual requirements and stockpile staging requirements shall be as follows:

1.4.2.2.1. 100% at upper MISSISSIPPI RIVER STOCKPILE locations, DISTRICT-1, DISTRICT-2, DISTRICT-3, and DISTRICT-4 by December 1st.

1.4.2.2.2. 50% at all other Downstate Stockpile locations by December 1st and 100% by January 1st.

Stockpiles must be securely covered within 10 calendar days of the required 100% staging dates listed above. This may be accomplished by storing the material in a building or covering it with a waterproof material (generally a tarp) that is sufficiently secured to withstand damage from wind. Such stockpiles must be near enough to delivery points to allow for timely delivery as required by the State of Illinois contractual requirements.

Vendors may also be required to furnish a list of rock salt commitments against these stockpiles as a result of other contractual agreements.

1.4.2.3. STOCKPILE INSPECTIONS: The State reserves the right to inspect and/or test the rock salt provided at the Vendor's stockpile points or at the salt storage facility destination, whichever is most convenient to the State.

1.4.3. Safety Data Sheets: The Vendor is required to furnish a Safety Data Sheet (SDS) for each toxic substance shipped. Submission of Safety Data Sheets is required by the Illinois Toxic Substances Disclosure to Employees Act. 820 ILCS 255/1 ET SEQ, or subsequent amendment.

1.4.4. Vendor must be registered in BidBuy before entering into the resulting Contract with the State of Illinois.

1.5. TRANSPORTATION AND DELIVERY:

1.5.1. Delivery Time: Delivery will be made F.O.B. Destination with all transportation and handling paid by the Vendor to any participating Governmental Unit. Deliveries are to be made within seven (7) working days, or as extended by order guidelines in Section 1.2.5.6. For all orders placed by contract participants on or after December 1 and prior to May 1st of any year, order delivery performance shall be subject to application of Liquidated Damages as stated in Section 1.5.10 below.

1.5.2. Delivery Schedule: Salt order deliveries will be accepted only during regular workdays (Monday thru Friday) and work hours (7:30 a.m. - 3:30 p.m.) excluding state holidays, except where special arrangements are made in advance with an appropriate representative at the delivery site.

1.5.3. Delivery Locations: All delivery locations are listed within each line item in BidBuy. Specific delivery notes for other governmental units will be given at the time of order.

1.5.4. Payment of Tolls: The Vendor shall be required to pay the full amount of tolls, if any, incurred during the duration of the contract. Said tolls will not be refunded by the ordering agency.

1.5.5. Delivery Tickets: Each Vendor and subcontractor shall have an automatic printer to record the gross weight of rock salt. The automatic printer shall be an integral part of the scale equipment, or the scale and printer shall be directly connected in a manner that will prohibit the manual entry of gross weights. Tare and net weights shall be shown on weigh tickets and may be printed automatically or entered manually. The State reserves the right to immediately, and without notice to Vendor or subcontractor, take action to remedy Vendor failure of automatic printing. This action may include the termination of the order and purchase of salt from other sources, or other action to ensure all weights and measures are correct. Unless otherwise directed, delivery ticket must also be signed by an authorized agency representative at the delivery location point to verify that agency has accepted the material. The Vendor shall include the release order number and the date of delivery on each delivery ticket. The Vendor shall ensure all weights and measures shown on all tickets are correct.

1.5.6. Delivery Requirements: All truck loads shall be covered with weatherproof material (generally a tarp). Any truck loads not covered may be rejected at the delivery site. Vendor shall ensure the delivery person inspects the inside of the trailer and all salt is removed from the trailer before leaving a delivery point. Pre-loading trucks prior to the date of delivery is not allowed and may be rejected at the delivery site. In the event any agency discovers preloaded rock salt already dumped at its location, the salt may be reloaded onto the cartage hauler's truck by the agency and returned for credit and the Vendor shall immediately ship a conforming load of replacement Rock Salt, or at agencies' option to issue a refund consistent with the dollar amount of the original order.

1.5.7. Delivery Method: All deliveries will be on the basis of the "End-Dumping" method. Vendors shall be governed by the specific delivery instructions, as to unloading point, issued by an applicable agency when they place their order for a particular location.

1.5.8. Weights and Measures: Governmental units reserve the right to require that trucks may occasionally be directed to a scale in the vicinity of the delivery point as a check on delivered truckloads. The governmental units reserve the right to take action to remedy Vendor's failure to provide accurate weights and measures.

1.5.9. Foreign Materials: All truck loads shall be free of any foreign material such as mud, rocks, grader teeth, wood, tarpaulins, etc. or the load may

be rejected. In the event any agency discovers foreign material in truckloads of rock salt already dumped at its location, the salt and foreign matter may be reloaded onto the cartage hauler's truck by the agency and returned for credit and the Vendor shall immediately ship a conforming load of replacement Rock Salt, or at agencies' option to issue a refund consistent with the dollar amount of original order.

1.5.10. Damages: Governmental units reserve the right to take action against Vendor delivery failure as follows:

Liquidated Damages: From December 1 through May 1 of the current season, if the Vendor is unable to make delivery within the authorized delivery time, the governmental units shall assess and have the right to retain as Liquidated Damages, and not as a penalty, 5 percent per working day on the undelivered portion of the order, but not to exceed 50 percent of the total order. Governmental units and Vendor agree that at the time of contracting, the amount of actual damages is uncertain. Governmental units and Vendor further agree that the amount of Liquidated Damages in this Section is reasonable and bears relation to the damages which may be sustained in the event of a breach.

Delivery Failure Damages: If after seven (7) days' assessment of Liquidated Damage claims, a Vendor has still failed to deliver as required, governmental units reserve the right to immediately, and without notice to Vendor, take action to remedy Vendor failure. This may include the termination of the order and purchase of salt from other sources, or other action to ensure ice control availability for public safety purposes. Note that any or all additional costs may be collected from the original Vendor, in addition to the applied Liquidated Damages.

2. PRICING

2.1. **TYPE OF PRICING:** The Illinois Office of the Comptroller requires the State to indicate whether the contract price is firm or estimated at the time it is submitted for obligation. The total price of this contract is estimated.

2.2. **VENDOR'S PRICING:** Vendor's pricing is located in the Items Tab in the BidBuy Purchase Order. The State includes in this contract the BidBuy Purchase Order as it contains the agreed pricing.

2.2.1. Pricing must include all costs shipped F.O.B. destination and may not include any additional costs due to taxes (federal or otherwise) unless accompanied by proof the State is subject to the tax.

2.3. **GOVERNMENT ACTIONS:** A price adjustment may be requested from the Vendor following the execution date of this Contract due to unforeseeable government actions including tariffs, duties or similar governmental charges that are beyond the control of either Party. The additional governmental charges will be added to the invoice as a separate line item.

2.3.1. Verifiable documentation of such changes, including but not limited to, invoices, published price lists or official price bulletins, etc., from the Vendor's supplier, will be provided with the request for economic adjustment in order to substantiate any requested change. The State reserves the right to consider various pertinent information sources to evaluate price increase requests (such as the CPI and PPI, as published by the US Department of Labor, Bureau of Labor Statistics). The State also reserves the right to consider other information related to special economic and/or industry circumstances, when evaluating a price change request. Changes may be either increases or decreases and may be requested by either party.

2.3.2. The claim for such adjustment must include a certification from the manufacturer/supplier verifying the actual cost at the time of the bid award and at the time of the requested increase. The increase will be allowed only on the cost to the Vendor. No increase or change in the Vendor's overhead, profit or other factors will be approved. Vendor shall not be entitled to apply any governmental charges without first obtaining approval of such request from the Department of Central Management Bureau of Strategic Sourcing.

2.3.3. At the sole discretion of the Agency, if the government action that warranted a price adjustment granted under this Section is rescinded, the price shall automatically revert to the previous contract price, without notice to the Vendor.

3.2. **TERMINATION FOR CAUSE:** The State may terminate this contract, in whole or in part, immediately upon notice to the Vendor if: (a) the State determines that the actions or inactions of the Vendor, its agents, employees or subcontractors have caused, or reasonably could cause, jeopardy to health, safety, or property, or (b) the Vendor has notified the State that it is unable or unwilling to perform the contract.

If Vendor fails to perform to the State's satisfaction any material requirement of this contract, is in violation of a material provision of this contract, or the State determines that the Vendor lacks the financial resources to perform the contract, the State shall provide written notice to the Vendor to cure the problem identified within the period of time specified in the State's written notice. If not cured by that date the State may either: (a) immediately terminate the contract without additional written notice or (b) enforce the terms and conditions of the contract.

The prevailing wages are revised by the Illinois Department of Labor (DOL) and are available on DOL's official website, which shall be deemed proper notification of any rate changes under this subsection. Vendor is responsible for contacting DOL at 217-782-6206 or (*https://labor.illinois.gov*) to ensure understanding of prevailing wage requirements.

4.1.5. FEDERAL FUNDING: This contract may be partially or totally funded with Federal funds. If Federal funds are expected to be used, then the percentage of the good/service paid using Federal funds and the total Federal funds expected to be used will be provided to the awarded Vendor in the notice of intent to award.

4.1.6. Vendor must receive prior written approval before use of any subcontractors in the performance of this contract. Vendor shall describe, in an attachment if not already provided, the names and addresses of all authorized subcontractors to be utilized by Vendor in the performance of this contract, together with a description of the work to be performed by the subcontractor and the anticipated amount of money that each subcontractor is expected to receive pursuant to this contract. If required, Vendor shall provide a copy of any subcontracts within fifteen (15) days after execution of this contract. All subcontracts must include the same certifications that Vendor must make as a condition of this contract. 4.4. Books and records, including information stored in databases or other computer systems, shall be maintained by the Vendor for a period of three (3) years from the later of the date of final payment under the contract or completion of the contract, and by the subcontractor for a period of three (3) years from the later of final payment under the term or completion of the subcontract. If Federal funds are used to pay contract costs, the Vendor and its subcontractors must retain their respective records for five (5) years. Books and records required to be maintained under this section shall be available for review or audit by representatives of the

procuring Agency, the Auditor General, the Executive Inspector General, the Chief Procurement Officer, State of Illinois internal auditors or other governmental entities with monitoring authority, upon reasonable notice and during normal business hours. Vendor and its subcontractors shall cooperate fully with any such audit and with any investigation conducted by any of these entities. The Vendor or subcontractors shall not impose a charge for audit or examination of the Vendor's or subcontractor's books and records. 30 ILCS 500/20-65.

4.7. FORCE MAJEURE: Failure by either Party to perform its duties and obligations will be excused by unforeseeable circumstances beyond its reasonable control and not due to its negligence, including acts of nature, acts of terrorism, riots, labor disputes, fire, flood, explosion, and governmental prohibition. Vendor information, unless clearly marked as confidential and exempt from disclosure under the Illinois Freedom of Information Act, shall be considered public. No confidential data collected, maintained, or used in the course of performance of this contract shall be disseminated except as authorized by law and with the written consent of the disclosing Party, either during the period of this contract or thereafter. The receiving Party must return any and all data collected, maintained, created or used in the course of the performance of this contract, in whatever form it is maintained, promptly at the end of this contract, or earlier at the request of the disclosing Party, or notify the disclosing Party in writing of its destruction. In accordance with Article VIII, Section 1(a),(b) of the Constitution of the State of Illinois and 1973 Illinois Attorney General Opinion 78, the State may not indemnify private parties absent express statutory authority permitting the indemnification. Neither Party shall be liable for incidental, special, consequential, or punitive damages.

4.13. SOLICITATION AND EMPLOYMENT: Vendor shall not employ any person employed by the State during the term of this contract to perform any work under this contract. Vendor shall give notice immediately to the Agency's director if Vendor solicits or intends to solicit State employees to perform any work under this contract.

4.18. CONTRACTUAL AUTHORITY: The Agency that signs this contract on behalf of the State of Illinois shall be the only State entity responsible for performance and payment under this contract. When the Chief Procurement Officer or authorized designee or State Purchasing Officer signs in addition to an Agency, he/she does so as approving officer and shall have no liability to Vendor. All provisions that by their nature would be expected to survive, shall survive termination. In the event of a conflict between the State's and the Vendor's terms, conditions and attachments, the State's terms, conditions and attachments shall prevail.

4.22. PERFORMANCE RECORD/SUSPENSION: Upon request of the State, Vendor shall meet to discuss performance or provide contract performance updates to help ensure proper performance of this contract. The State may consider Vendor's performance under this contract and compliance with law and rule to determine whether to continue this contract, suspend Vendor from doing future business with the State for a specified period of time, or whether Vendor can be considered responsible on specific future contract opportunities.
